

# **NOTICE**

## **GROTON WATER DEPARTMENT**

### **SEASONAL WATER MAIN FLUSHING**

The Groton Water Department will begin its annual flushing of the water distribution system on Friday, October 11<sup>th</sup> thru Wednesday, October 30<sup>th</sup>, 2019. All water main flushing occurs during the daytime. We anticipate the flushing program will take approximately three weeks to complete. You **will** experience discolored water and Low pressure during the flushing effort and we apologize for this inconvenience.

In the event that you experience a prolonged period of discolored water, run all of your **cold** water taps for 5 to 10 minutes or until it clears up.

This is the time to thoroughly flush your hot water tank.

**The water distribution system flushing program is subject to change without notice and the dates listed below are approximate only!**

Please be sure to call our offices between the hours of 8:00 A.M. to 4:00 P.M. for the most up to date location of the Flushing Program or check our web site at [www.grotonwater.org](http://www.grotonwater.org)
