

NOTICE

GROTON WATER DEPARTMENT

SEASONAL WATER MAIN FLUSHING

The Groton Water Department will begin its annual flushing of the water distribution system on Tuesday, October 2nd thru Friday, October 20th, 2018. All water main flushing occurs during the daytime. We anticipate the flushing program will take approximately three weeks to complete. You **will** experience discolored water and Low pressure during the flushing effort and we apologize for this inconvenience.

In the event that you experience a prolonged period of discolored water, run all of your cold water taps for 5 to 10 minutes or until it clears up.

This is the time to thoroughly flush your hot water tank.

The water distribution system flushing program is subject to change without notice and the dates listed below are approximate only!

Please be sure to call our offices between the hours of 8:00 A.M. to 4:00 P.M. for the most up to date location of the Flushing Program or check our web site at www.grotonwater.org
